## 3.1 Adding personalities

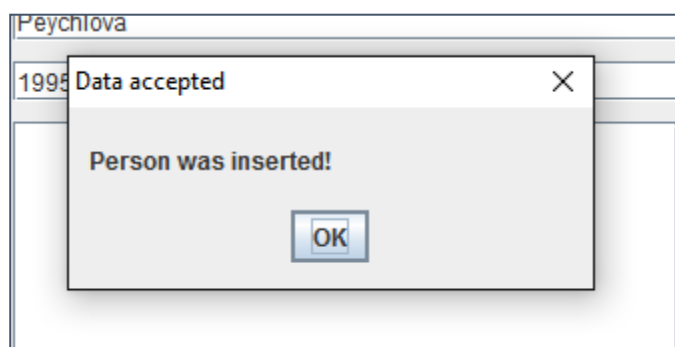

You can add new personalities to the database by clicking on the “Add” button while on one of the personality panels.

After filling in the necessary information about the personality, you can add it by pressing “Insert”:

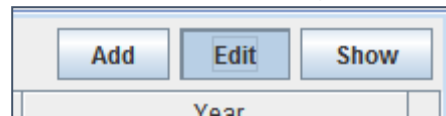

A window titled "Data editor" with a close button (X) in the top right corner. The window is for editing an "Actor". It contains four input fields: "Name:", "Surname:", "Year:", and a large text area for "Description:". In the top right corner of the window, there are two buttons: "Insert" and "Close".

The successful insertion will be confirmed:

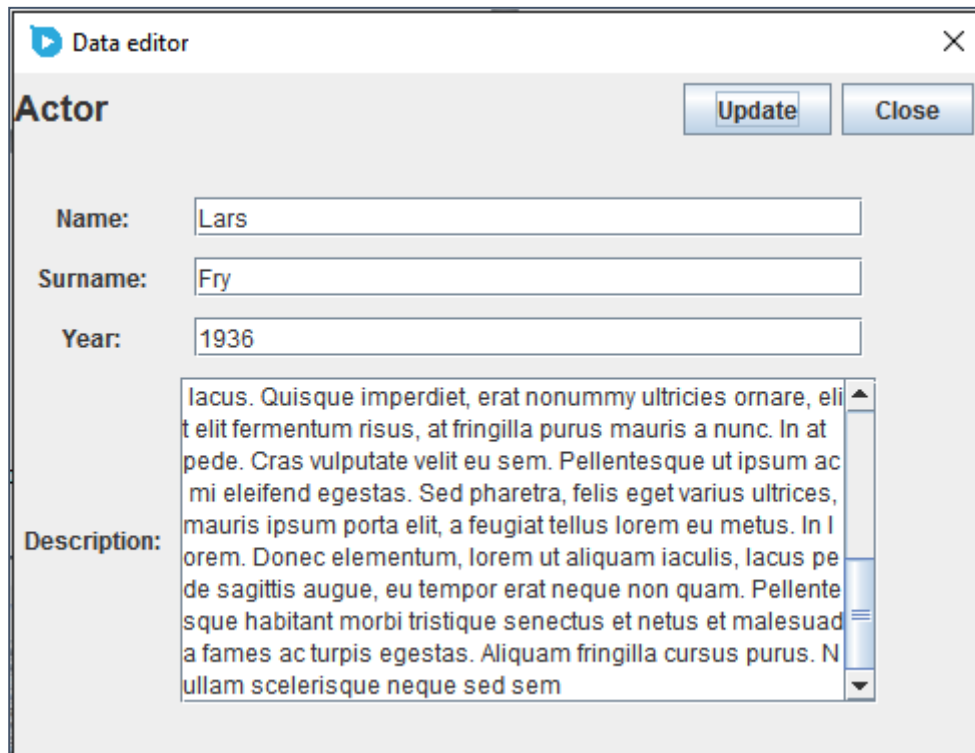

## 3.2 Editing personalities

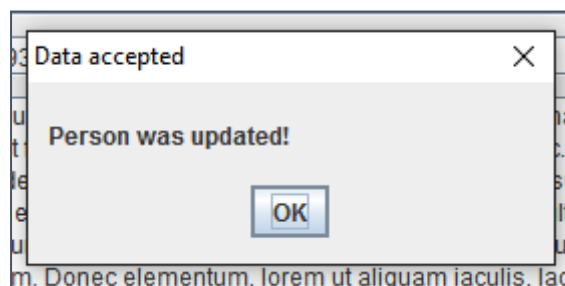

You can edit personalities in the database by clicking on the “Edit” button while on one of the personality panels, while having a person selected in the table.

An edit window will pop up:

A screenshot of a 'Data editor' window. The title bar says 'Data editor' with a close button. The main heading is 'Actor'. There are 'Update' and 'Close' buttons in the top right. The form contains three input fields: 'Name:' with the value 'Lars', 'Surname:' with the value 'Fry', and 'Year:' with the value '1936'. Below these is a 'Description:' label followed by a text area containing a block of Lorem Ipsum text. The text area has a vertical scrollbar on the right.

You can confirm the edits by pressing the “Update” button. A successful update will be confirmed:

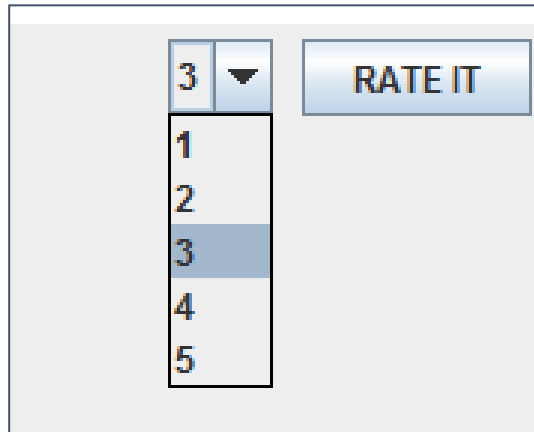

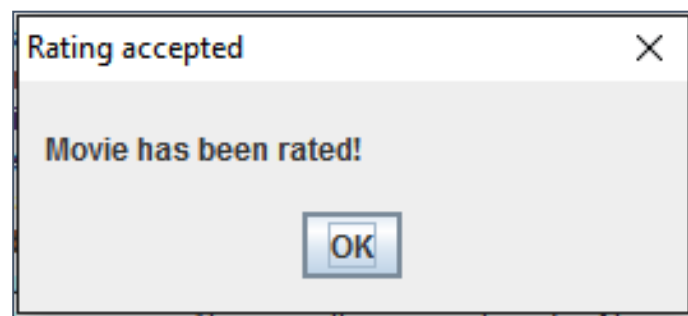

#### 4.1 Rating Movies

In the movie detail screen, you can pass a rating, by selecting a number and pressing “RATE IT” button in the top right corner:

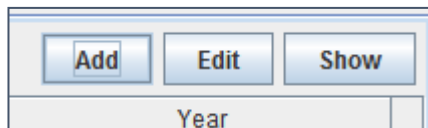

The rating will then be confirmed:

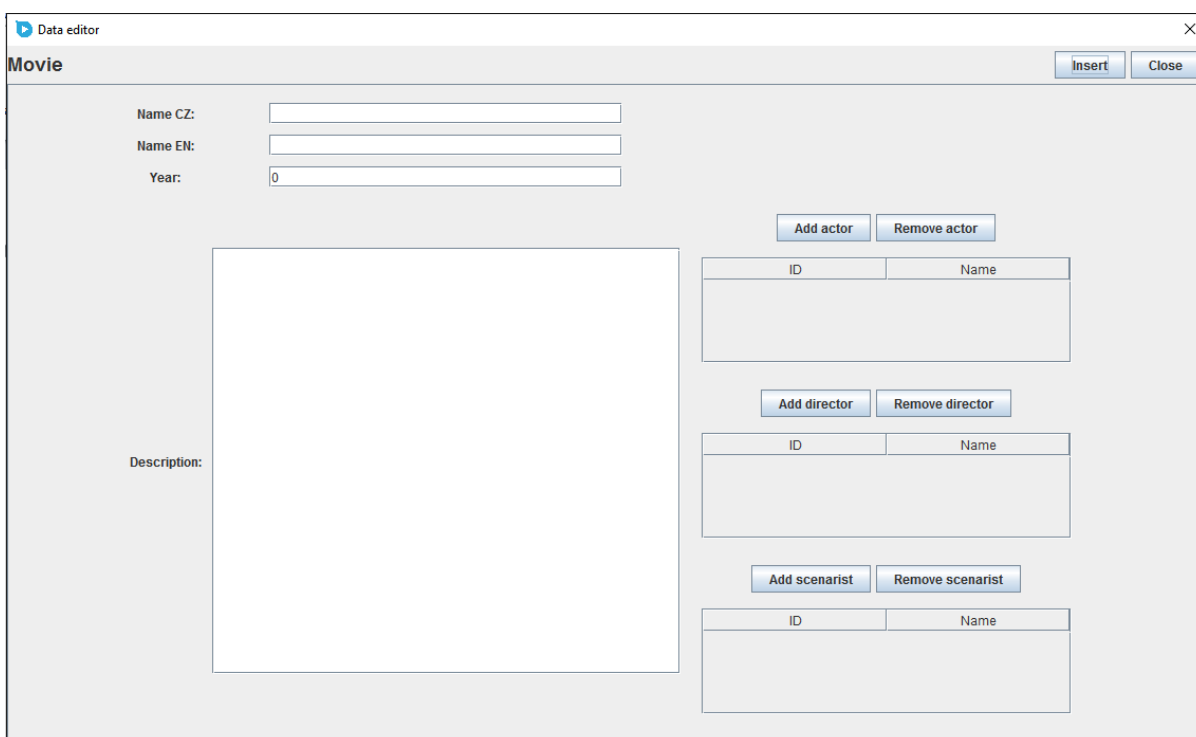

## 4.2 Adding movies

You can add new movies to the database by clicking on the “Add” button while on the “All movies” panel.
